

PURUS® DRIP OIL

Manufactured with highly refined base oils

DESCRIPTION: PURUS® Drip Oil 22 is an anti-wear fluid designed for use as an intermittent drip-type lubricant in irrigation, conveyor and industrial lubricating systems. It protects against rust, oxidation and wear and contains a foam inhibitor. It may also be used as a general-purpose gear and bearing lubricant and as the fluid medium in hydraulic systems where service requirements are light to moderate.

NOTE: Some states or areas require the use of food grade drip oil. PURUS® Drip Oil 22 is not a food grade product. If there is a possibility of ground water contamination, a food grade drip oil should be used. Check local ordinances to insure compliance.
