

SAFETY DATA SHEET

According to HCS 2012

Section 1: Identification

Product Identifier: Purus Synthetic Solutions PAG Water Insoluble Gas Compressor Lubricants
ISO 100 and ISO 150

Product Code: XG 416 Series, PSS77360, PSS57360, PSS27360, PSS17360, PSS77361,
PSS57361, PSS27361, PSS17361

Recommended use: Hydrocarbon gas compressor oil

Recommended Restrictions on use: None known.

Manufacturer Information

Name: Xaerus Performance Fluids

Address: 2825 Schuette Road, Midland, MI 48642

FAX number: 989-486-8383

Emergency phone number: 989-486-8330

Section 2: Hazard(s) Identification

Physical hazards: Not Classified.

Health hazards: Not Classified.

OSHA defined hazards: Not Classified.

Hazard(s) Not Otherwise Classified (HNOC): None known.

Label elements

Signal word: None.

Hazard statements: Not classified as hazardous.

Precautionary statements

Prevention: Wear appropriate personal protection equipment.

Response: Wash hands thoroughly after use.

Storage: Keep away from incompatible materials.

Disposal: Dispose in accordance with local/state/national requirements.

Section 3: Composition/information on ingredients

Chemical Name	Common name/Synonyms	CAS number
Polypropylene glycol	Not available.	25322-69-4
Polypropylene glycol monobutyl ether	Not available.	9003-13-8

Section 4: First-aid measures

Inhalation: Move victim to fresh air. If symptoms persist, seek medical attention. If victim is not breathing, clear airway and immediately begin artificial respiration. If breathing difficulties develop, oxygen should be administered by qualified personnel. Seek immediate medical attention.

Skin contact: Wash affected area with soap and water.

Eye contact: Flush eyes with water for at least 15 minutes. If irritation develops seek medical attention.

Ingestion: If swallowed and symptoms develop seek medical attention.

Most important symptoms/effects, acute and delayed: Prolonged contact may result in mild skin irritation and drying and cracking. Effects of overexposure may include irritation of the digestive tract, irritation of the respiratory tract, nausea and diarrhea.

Indication of immediate medical attention and special treatment needed: If exposed and experiencing symptoms, seek medical attention and indicate materials involved.

Section 5: Fire-fighting measures

General fire hazards: This material may burn, but will not readily ignite.

Suitable extinguishing media: Dry chemical, CO₂, foam and water spray.

Unsuitable: Straight streams of water.

Specific hazards arising from the chemical: If container is not properly cooled, it can rupture in the heat of a fire.

Special protective equipment: Self-contained breathing apparatus and protective clothing.

Precautions for fire-fighters: Low hazard, liquid can burn upon heating to elevated temperatures. Isolate immediate hazard area, keep authorized personnel out. Water spray may be useful in minimizing or dispersing vapors and to protect personnel. Cool equipment exposed to fire with water, if it can be done with minimal risk.

Section 6: Accidental release measures

Personal precautions, protective equipment and emergency procedures: Wear appropriate protective equipment.

Methods/materials for containments and clean-up: Absorb the material with inert absorbent and dispose of in accordance with federal, state and local laws.

Section 7: Handling and storage

Precautions for safe handling: Avoid inhalation of mists or vapors. Avoid prolonged or repeated contact with skin and eyes. Ensure adequate ventilation and wash hands after use.

Conditions for safe storage: Ground containers when transferring to avoid static discharge. Keep container closed.

Incompatible materials: Avoid contact with strong oxidizing agents.

Section 8: Exposure controls/ personal protection

Information on likely routes of exposure

Inhalation: Adverse effects are not expected due to inhalation.

Ingestion: Adverse effects are not expected due to ingestion.

Skin contact: Prolonged or repeated contact with skin may cause mild irritation or dryness.

Eye contact: May cause temporary irritation of the eye.

Symptoms related to the physical, chemical and toxicological characteristics: Contact may cause mild skin irritation including repeated contact can worsen irritation by causing drying and

cracking of the skin leading to dermatitis (inflammations). Not acutely toxic by skin absorption, but prolonged or repeated skin contact may be harmful.

Information on effects

Acute Toxicity: Not acutely toxic.

Irritation/Sensitization effects: Based on available data for components, product is not classified as sensitizing or irritating.

Germ Cell Mutagenicity: Based on available data for components, product is not known to be mutagenic.

Carcinogenicity: Based on available data for components, product is not known to have carcinogenic impacts.

Specific target organ toxicity-single exposure: Based on available data for components, product is not known to cause target organ effects.

Specific target organ toxicity-repeat exposure: Based on available data, does not meet requirements for classification.

Aspiration: Not an aspiration hazard.

Section 9: Physical and chemical properties

Appearance

Physical state: Liquid

Color: Clear to slightly yellow

Odor: Mild

Odor threshold: Not available.

pH: Not available.

Melting point/freezing point: Not available.

Initial boiling point/boiling point range:

Flashpoint: $\geq 430\text{ }^{\circ}\text{F}$, $\geq 220\text{ }^{\circ}\text{C}$; ASTM D-92

Evaporation rate: Not available.

Flammability (solid, gas): Not available.

Flammability limits

Upper flammability limit: Not available.

Lower flammability limit: Not available.

Explosive limit

Upper explosive limit: Not available.

Lower explosive limit: Not available.

Vapor pressure: <0.1 mmHg @ 20 °C

Vapor density: >1

Relative density: 0.94 – 1.02

Solubility in water: Water Insoluble

Partition coefficient: n-octanol/water: Not available.

Auto-ignition temperature: Not available.

Decomposition temperature: Not available.

Viscosity: 10 cSt – 320 cSt @40°C

Section 10: Stability and reactivity

Reactivity: Stable under normal conditions of use.

Chemical stability: Stable.

Possibility of hazardous reactions: Polymerization is not known to occur.

Conditions to avoid: Avoid contact with incompatible materials and elevated temperatures.

Incompatible materials: Strong oxidizing agents.

Hazardous decomposition products: Carbon oxides, nitrogen oxides, sulfur oxides, phosphorous and zinc oxides.

Section 11: Toxicological information

Information on likely routes of exposure

Inhalation: Adverse effects are not expected due to inhalation.

Ingestion: Adverse effects are not expected due to ingestion.

Skin contact: Prolonged or repeated contact with skin may cause mild irritation or dryness.

Eye contact: May cause temporary irritation of the eye.

Symptoms related to the physical, chemical and toxicological characteristics: Contact may cause mild skin irritation including repeated contact can worsen irritation by causing drying and cracking of the skin leading to dermatitis (inflammations). Not acutely toxic by skin absorption, but prolonged or repeated skin contact may be harmful.

Information on effects

Acute Toxicity: Not acutely toxic.

Irritation/Sensitization effects: Based on available data for components, product is not classified as sensitizing or irritating.

Germ Cell Mutagenicity: Based on available data for components, product is not known to be mutagenic.

Carcinogenicity: No relevant data found

Specific target organ toxicity-single exposure: Based on available data for components, product is not known to cause target organ effects.

Specific target organ toxicity-repeat exposure: Based on available data, does not meet requirements for classification.

Aspiration: Not an aspiration hazard.

Specific target organ toxicity-single exposure: Based on available data for components, product is not known to cause target organ effects.

Specific target organ toxicity-repeat exposure: Based on available data, does not meet requirements for classification.

Aspiration: Not an aspiration hazard.

Section 12: Ecological information

Eco toxicity: Not expected to be harmful to aquatic organisms.

Persistence and degradability: Not expected to be readily biodegradable.

Bioaccumulation potential: No data available.

Mobility in soil: No data available.

Other adverse effects: Based on available data, no other adverse effects are expected.

Section 13: Disposal considerations

Waste disposal method: Dispose of in accordance with all federal, state, and local laws.

RCRA hazard class: Not applicable

Section 14: Transportation information

DOT

NOT REGULATED

IATA

NOT REGULATED

IMDG

NOT REGULATED

Special precautions: Carefully read and consider all recommendations of the SDS before handling.

Transportation in bulk (Annex II of MARPOL73/78 and the IBC code): Not applicable

Section 15: Regulatory information

US Federal regulations: This product is not considered to be hazardous under OSHA.

Inventory status(s):

TSCA (Toxic Substance Control Act): All components of this product are listed or comply with TSCA. Any impurities are not required to be listed.

CERCLA Hazardous Substance List: None listed.

SARA 311/ 312 hazardous chemical: No

Fire hazard: No

Reactive Hazard: No

Immediate hazard: No

Delayed hazard: No

SARA 313: None listed.

State regulations: None listed.

WHMIS: Non-controlled.

Section 16: Other information, including date of preparation or last revision

NFPA

Health Hazards: 1

Flammability: 1

Reactivity: 0

Special Hazards: Not determined

HMIS

Health Hazards: 1

Flammability: 1

Reactivity: 0

Special Hazards: Not determined

Preparation Date: 1/1/2025

Version number: 2.0

Disclaimer:

As the conditions or methods of use are beyond our control, we do not assume any responsibility or liability for any use of this product. Information contained herein is believed to be true and accurate, but all statements or suggestions are made without warranty, expressed or implied, regarding accuracy of the information, the hazards connected with the use of the material or the results to be obtained from the use thereof. Compliance with all applicable federal, state, and local regulations remains the responsibility of the user.
